As a part of ITT (Information Technology Training) of ICAI institute at Kumbakonam, invited for a lecture of Technology on Powerpoint Presentation”..., Initially, the trainer, Ms.Sridevi, Reiki Grand Master, who is in no where connected with the techie era, of the topic, brought a new dimension in discussion with the given opportunity provided. She started of with the given topic by combining with the essentials of co-relation of health and mind.

**Part 1:** What is a computer? How gadgets and technology rule the world, How to use the computer as an effective medium to communicate, Bridging a gap of nature and technology.

**Part: 2** – was focused on the given topic, “Power point presentation”, How one can use Power point presentation as a medium for a effective business communication tool. The essential factors of Presentation. How a person has to use power point Presentation...

**Part3:** Activity: The 15 delegates who had participated in the lecture was split into team, to bring forth a sharing of knowledge,work,and to build a team spirit.

Each team was given a topic to create a ppt for about 45 minutes. The topics were personalities in business, Corporate social Responsibility, Collective Responsibility and Leadership in Politics , where Finance play a vital role To bringforth the value of CA , the students were asked to speak on the presentation which also reveals the perspective of CA students on the given Topic.

The Trainer, Ms.Sridevi, concluded that for anyone who leads life, be it a normal person to business tycoons to Governing People , everyone’s essence is life, which is both Health and mind...in one accord. so it is been insisted on the significance of the same for a person to achieve his goal at ease with proper health and with clarity of mind , innovations and decision making can be done which shall open up new avenues for the holistic growth of every individual and to the society/ country...

As a Reiki Grand Master it is much essential for us to see Reiki in everything with the bountiful energy and so the session was proved to be contented and satisfied both on the learner and trainer side.
