About the Presentation

The presentation will highlight India's heritage and the value of medicinal plants that proves to be an aid during this current Covid-19 situation. The talk will make us to understand how the medicinal herbs hail their roots in Tamil Literature and used to cure various ailments. As a person who has worked for the environmental concerns and as an energy practitioner, the speaker will encourage the revival of tradition and the practical essentials to maintain the environmental hygiene which will connect the dots at physical, emotional, social and at the environmental plane with a positive approach to deal with the current situation of pandemic with examples that have been creating impact on many lives, with the qualitative initiatives rendered by various persona...in day to day life...

To ease the phase of COVID-19, the speaker will address with a new dimension of approach to deal with the pandemic that ensures creating value to lives and society.

About the Speaker

Ms. R. Sridevi is an ardent persona who works towards the holistic development of individuals and has been contributing to the society by various activities on Environment, Women Empowerment and in healing others through her services. She is a graduate of Madras Christian College (MCC, Chennai) and holds a degree in BSc Plant Biology and Plant Biotechnology and a MDBT (a distant educational programme) from Noida, B.Ed. from SASTRA University. Her professional experience includes working at C. P. R Environmental Educational Centre, Exnora International, and grips a record of working towards environmental concerns by being an Environmental Project Officer with nearly 9 years.

Ms. Sridevi has worked towards documenting "USE OF MEDICINAL PLANTS FOR INDIGENOUS REMEDIES" by travelling across for nearly 4 years. She has been delivering several lecture in various topics such as environment, healing, social impacts and management topics in schools, colleges, educational trusts, ICAI institute etc., She has written several articles in reputed magazines of esteemed organizations in Chennai and had given interviews to the media on several topics. She also organizes many special day programme that would create awareness and impact in the society. She is an ardent Reiki Grand Master, educator and researcher with versatile persona, who works with people of all strata with an intention of adding value to lives.

She is the President of REIKI CENTRE OF INDIA (Regd.), Chennai with a touch of the eminent person Dr.PS Lalitha in her life who has a profound vision towards "Health for All". Consequently Ms. Sridevi has been practicing from Kumbakonam and experiencing Reiki for about 11 years and working for the mission and has been extending the support to the needy, for their physical and emotional wellbeing. Her service is been reaching out towards the care homes and senior citizen homes as well.

She holds a strong belief of "Explore, Enhance, Educate, Empower, Embrace the individual and the society with HOLISTIC DEVELOPMENT.
